

Take Home Care Instructions

For Lumpectomy

1. No bathing for 7-10 days. If skin sutures are present, do not bathe or swim until sutures have been removed.
2. Sutures should be removed in 10-14 days.
3. Limit activity for 7-10 days after surgery.
4. DO NOT allow animal to lick the incision site. If your animal continues to try and lick at the incision site, an Elizabethan Collar may be purchased.
5. If there are any signs of redness, swelling or discharge, please give our office a call at (717)264-2615
6. Spot bleeding is normal for the first 24-48 hours.
